

Rain Drop

Structures

The image shows a vibrant water play structure with a central blue platform, red railings, and a yellow bucket. A child is sliding down a yellow slide. The structure is surrounded by green and yellow slides, purple and red water cannons, and a palm tree. The background is a paved area with a green and yellow decorative border.

## Problem Solving

Promote problem solving play with a variety of cause-and-effect water sprays on our structures.

## Toppers

Add a fun plane or helicopter topper to add heightened excitement.

## Interactivity

Rain Drop's structures are the ultimate in interactive water play fun.
