ENHANCE OUTDOOR AMBIANCE REVITALIZE AND ELEVATE OUTDOOR SPACES

Safeguards against sun and weather damage

Increase airflow and comfort

Blocks up to 97% of harmful UV rays

Low maintenance

12-year limited warranty on fabric & 25-year limited warranty on steel

25-degree temperature reduction keeps seating and play surfaces cool

QUICK RELEASE

Quickly remove and reattach fabric for winter storage or extreme weather conditions with our quick release (QRE) option.

TAILORED TO PERFECTION

Discover the ideal size for your outdoor space with our versatile range of shade structures. Our representatives are ready to assist you in choosing the perfect fit. Don't hesitate to discuss your upcoming project with us to ensure the right size and style for your needs.

HIP

Unleash the power of the Hip structure; your simple and cost-effective solution for perfect shade. Sizes varying from a single hip at 10'x12', to our 6-column Super Span Hip up to 60'x120'.

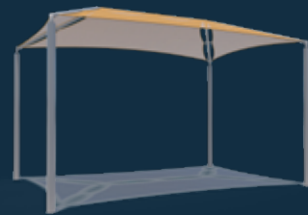

HIP

10'x12' to 50'x55'

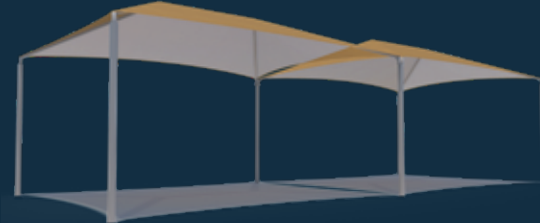

HIP MULTI-PANEL

18x20' to 50'x55'

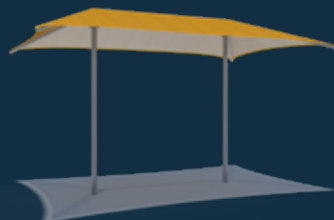

HIP JOINED

Combine Hip or Multi-Panel into a variety of sizes

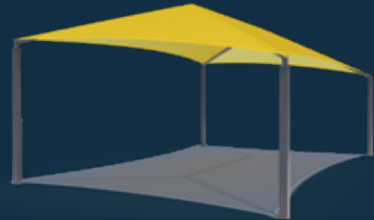

TWO POST-HIP

10x16, 12x20 & 14x22

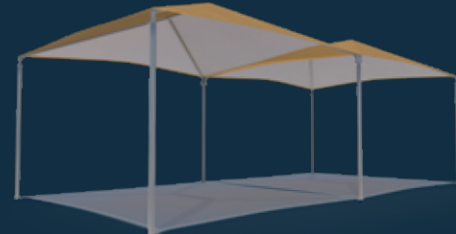

SLANT HIP

10'x12' to 40'x40'

HIP DOUBLE-WIDE

Combine Hip or Multi-Panel into a variety of sizes

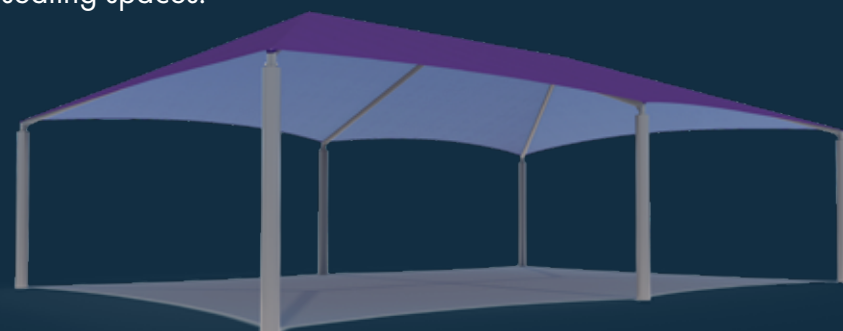

SUPER SPANS

Our massive Super Span structures provide maximum shade for larger outdoor areas including basketball courts, mass automotive coverage, and outdoor seating spaces.

HIP EXTENDED 10'x24' to 30'x60'
(extended frames that are a single top hip up to 30' wide and 60' long)

SUPER SPAN HIP Up to 60'x60'

6-COLUMN SUPER SPAN HIP Up to 60'x120'

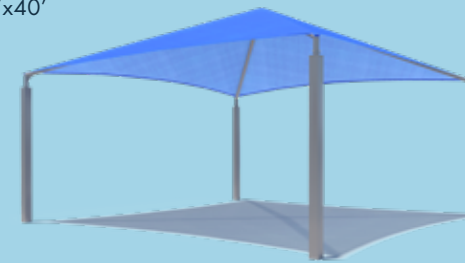

PYRAMID

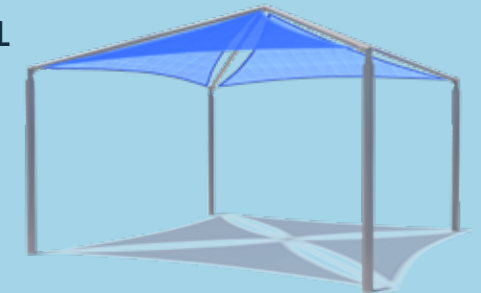

PYRAMID

10'x10' to 40'x40'

PYRAMID MULTI-PANEL

18'x18' to 40'x40'

MARINER PYRAMID

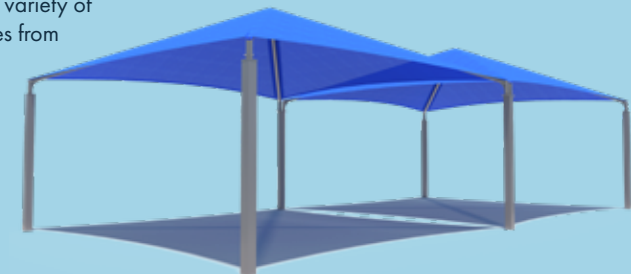

10'x10' to 50'x50'

Offers shade comparable to our Hip or standard Pyramid designs, but it distinguishes itself with multi-panel shade layers that create a visually stunning presence.

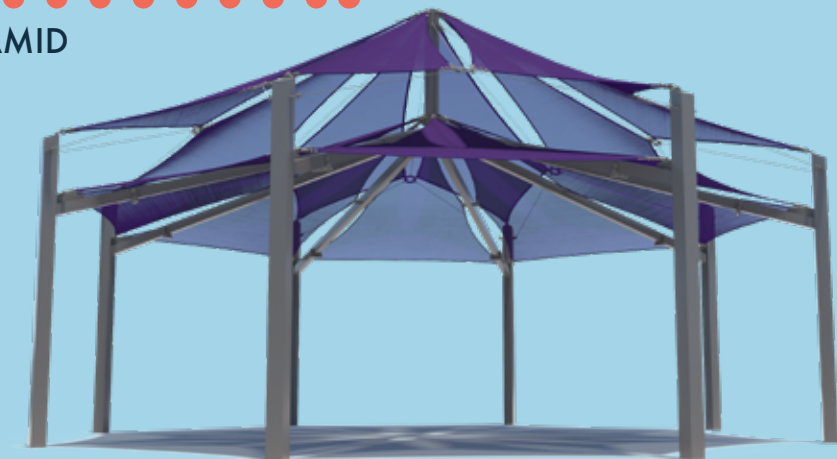

PYRAMID JOINED

Available in a variety of combined sizes from single top or multi-panel

SUPER SPAN PYRAMID MULTI-LEVEL MULTI-PANEL

Up to 60'x60'

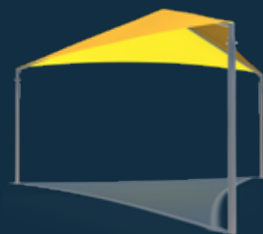

MULTI-SIDED

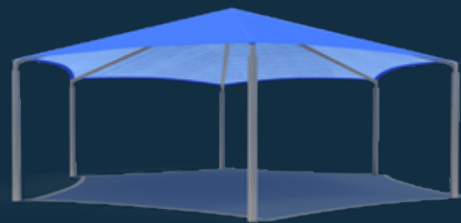

From three to eight sides and shapes of all kinds, our multi-sided shade structures offer a variety of options for all applications.

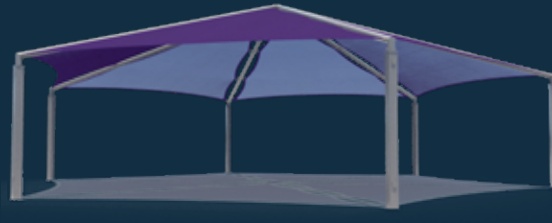

TRIANGLE 18' to 30'
For asymmetrical, elongated areas, our Triangle can be an ideal shade solution.

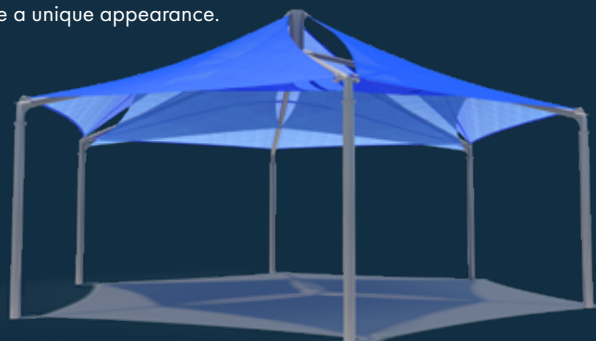

HEXAGON 20' to 50'
For areas that require zero obstruction from a center column, the Hexagon is ideal, with six columns around the perimeter.

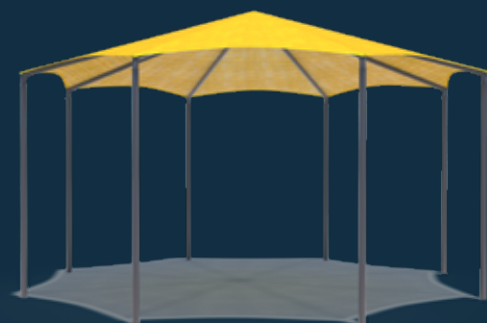

HEXAGON MULTI-PANEL 20' to 50'

MARINER HEXAGON 30' to 45'
The Mariner Hexagon is available in diameters up to 45' and incorporates upper and lower fabric layers, giving the structure a unique appearance.

OCTAGON 30' to 80'
Our Octagon structure is an ideal solution for shading areas up to 80' in diameter without the obstruction of a center column.

SINGLE POST

SINGLE POST HEXAGON 10' to 20'
Single-column structure with six fabric attachment points and a pointed top.

SINGLE POST OCTAGON 10' to 20'
Single-column structure with eight fabric attachment points and a pointed top.

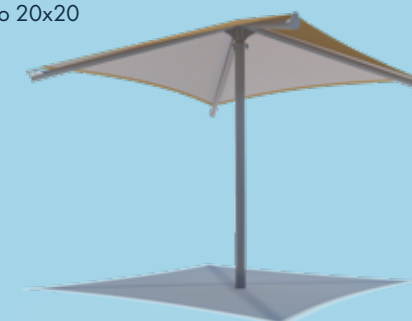

COOLBRELLA 12' to 20'
Commercial-grade, permanent umbrella canopy featuring one support column with one frame-tensioned fabric roof section. Top can be removed easily without wheels, wires, or pulleys.

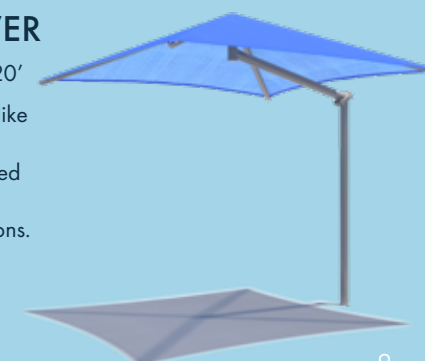

SINGLE POST PYRAMIDS

SINGLE POST PYRAMID 10x10 to 20x20

SINGLE POST PYRAMID CANTILEVER 10'x10' to 20'x20'
Ideal for spaces like walkways and pool side that need shade without column obstructions.

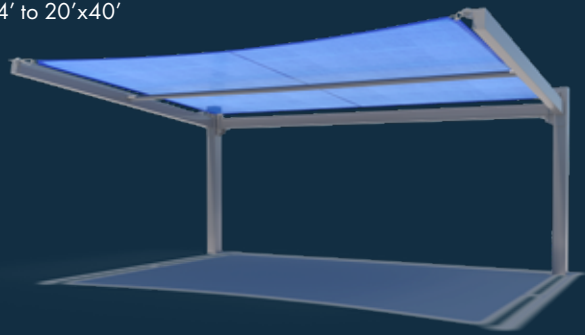

SLANTED CANTILEVER WING CABLED

Much like the Full Cantilever Hip design, the Slanted Cantilever Wing has two columns and a tilted top to increase shade coverage for spaces exposed to harsh sunlight at an angle.

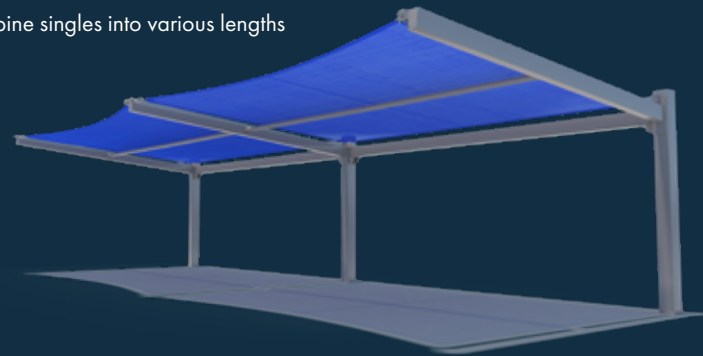

SINGLE

10'x24' to 20'x40'

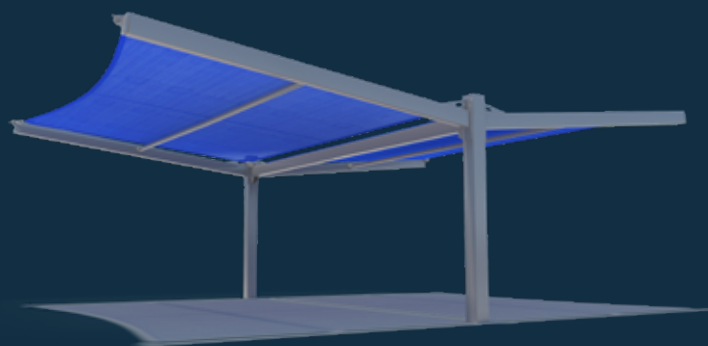

JOINED

Combine singles into various lengths

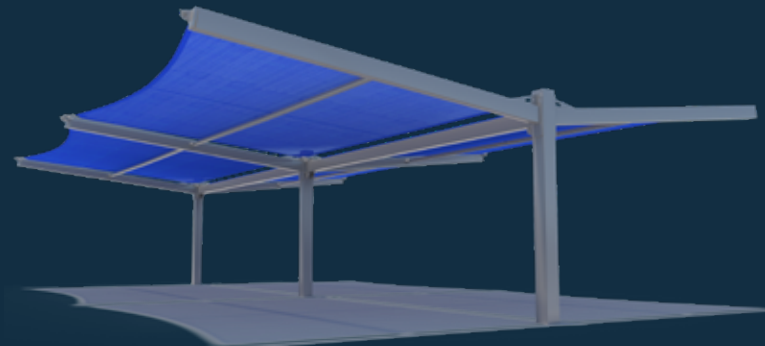

DOUBLE-WIDE

20'x24' to 40'x40'

DOUBLE-WIDE JOINED

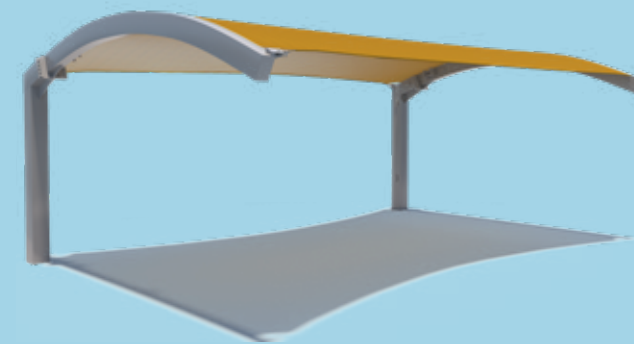

Combines double-wide into various lengths

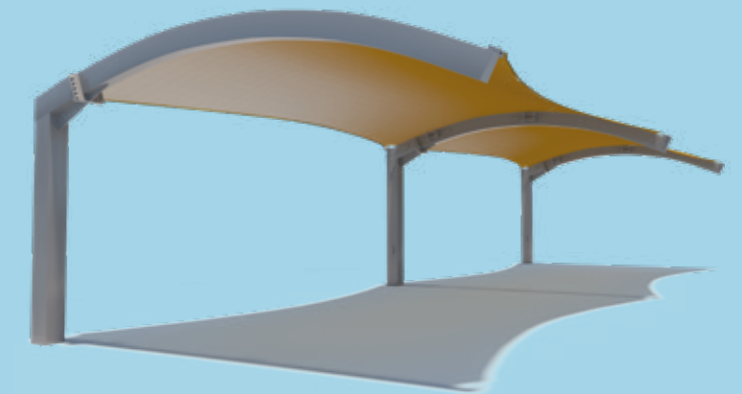

PANORAMA

Our Panorama cantilever design is an elegantly arched roof that is suited to provide shade over areas that require unobstructed spaces like walkways, bus stops, or automotive parking.

SINGLE 10'x20' to 20'x40'

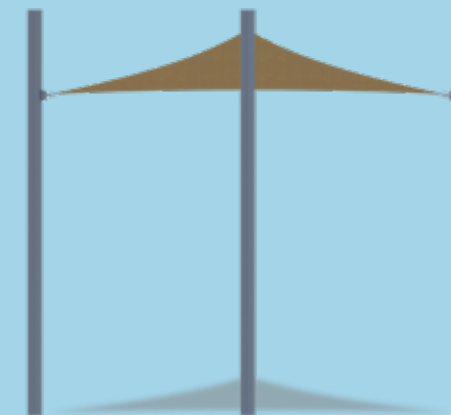

JOINED Combine singles into a variety of lengths

SAIL

3-POINT SAIL Up to 50' per side

Our 3-Point Sail structure features a high-end design with a unique triangular shape, giving outdoor spaces a sophisticated look.

4-POINT HYPAR SAIL Up to 60' per side

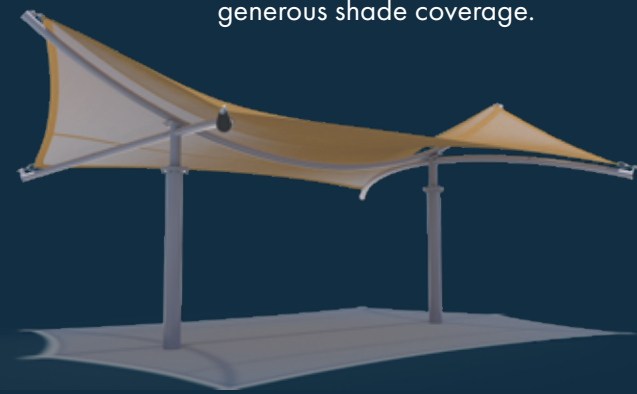

Our 4-Point Hypar Sail structure features columns of varying heights, allowing the fabric to be formed into a hyperbolic shape.

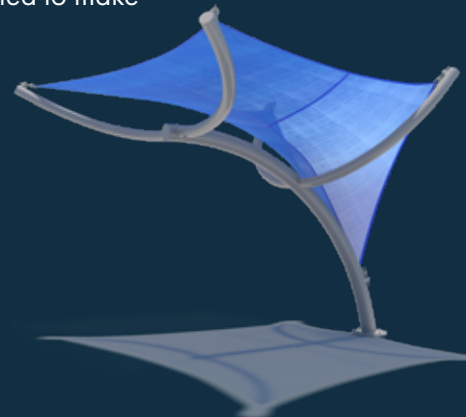

AQUARIUS 14'x22' or 25'x50'

Our elegant Aquarius design is a sculptural shade solution with curved steel purlins and generous shade coverage.

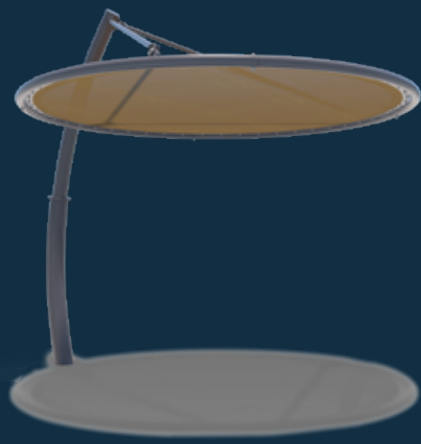

PEGASUS 16'x12' or 20'x16'

Pegasus is a distinctive and elegant fabric structure designed to make a strong architectural statement with shade.

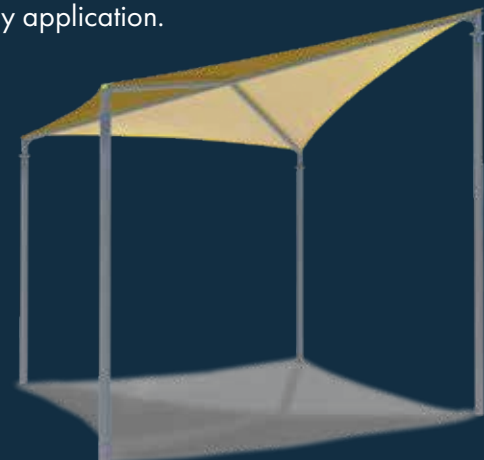

CANTILEVER DISC 15'x20'

Our Cantilever Disc structure is a minimalistic design of a framed circular fabric shade suspended by a curved column.

WAVE 20'x20' to 35'x35'

Crafted to emulate the captivating form of ocean waves, our Wave design showcases a mesmerizing blend of peaks and valleys, injecting a sense of energy and movement into any application.

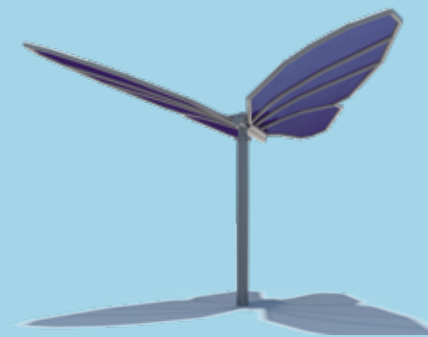

BUTTERFLY

The Butterfly is a unique structure constructed with eight fabric panels that can be adapted for Wings-Up, Wings-Flat, or Wings-Down configurations.

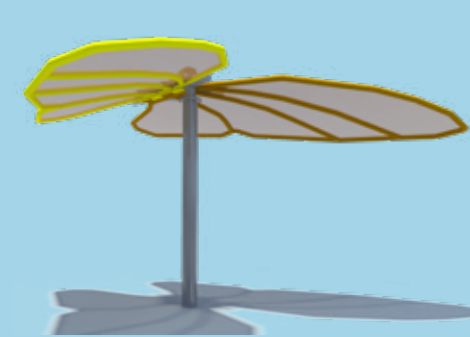

WINGS-UP

22'x21'

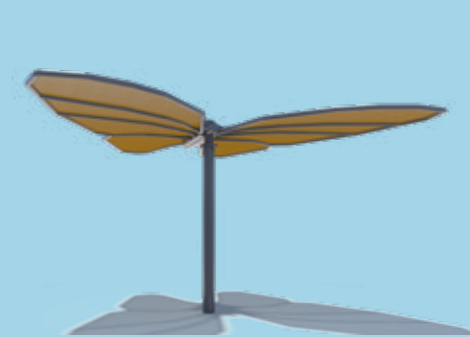

WINGS-DOWN

22'x21'

WINGS-FLAT

22'x21'

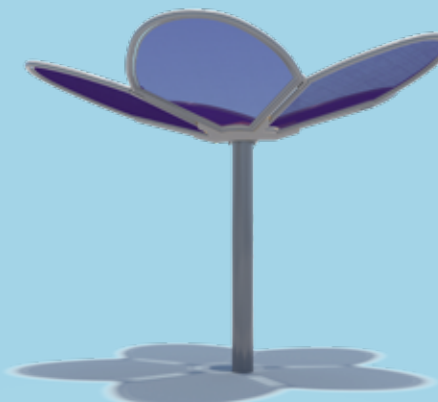

FLOWER

Our Flower structure is a whimsical design constructed with five fabric panels available in Petals-Up, Petals-Flat, or Petals-Down configurations.

PETALS-UP

22'x21'

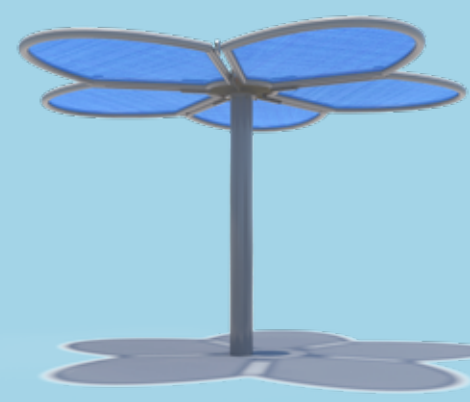

PETALS-DOWN

22'x21'

PETALS-FLAT

22'x21'

CUSTOM

Our commitment to excellence extends beyond our standard offering. We specialize in crafting custom structures that set new benchmarks in shade solutions. Through collaboration with clients, design experts, and seasoned engineers, we transform imaginative project ideas into remarkable shade solutions.

★ **USASHADE**[®]
**Architectural
Membrane
Structures**

Safeguards against sun and weather damage

Increased protection from the sun and harmful UV rays

15 to 25 year limited warranty on membrane & 25-year limited warranty on steel

25-degree temperature reduction keeps seating and play surfaces cool

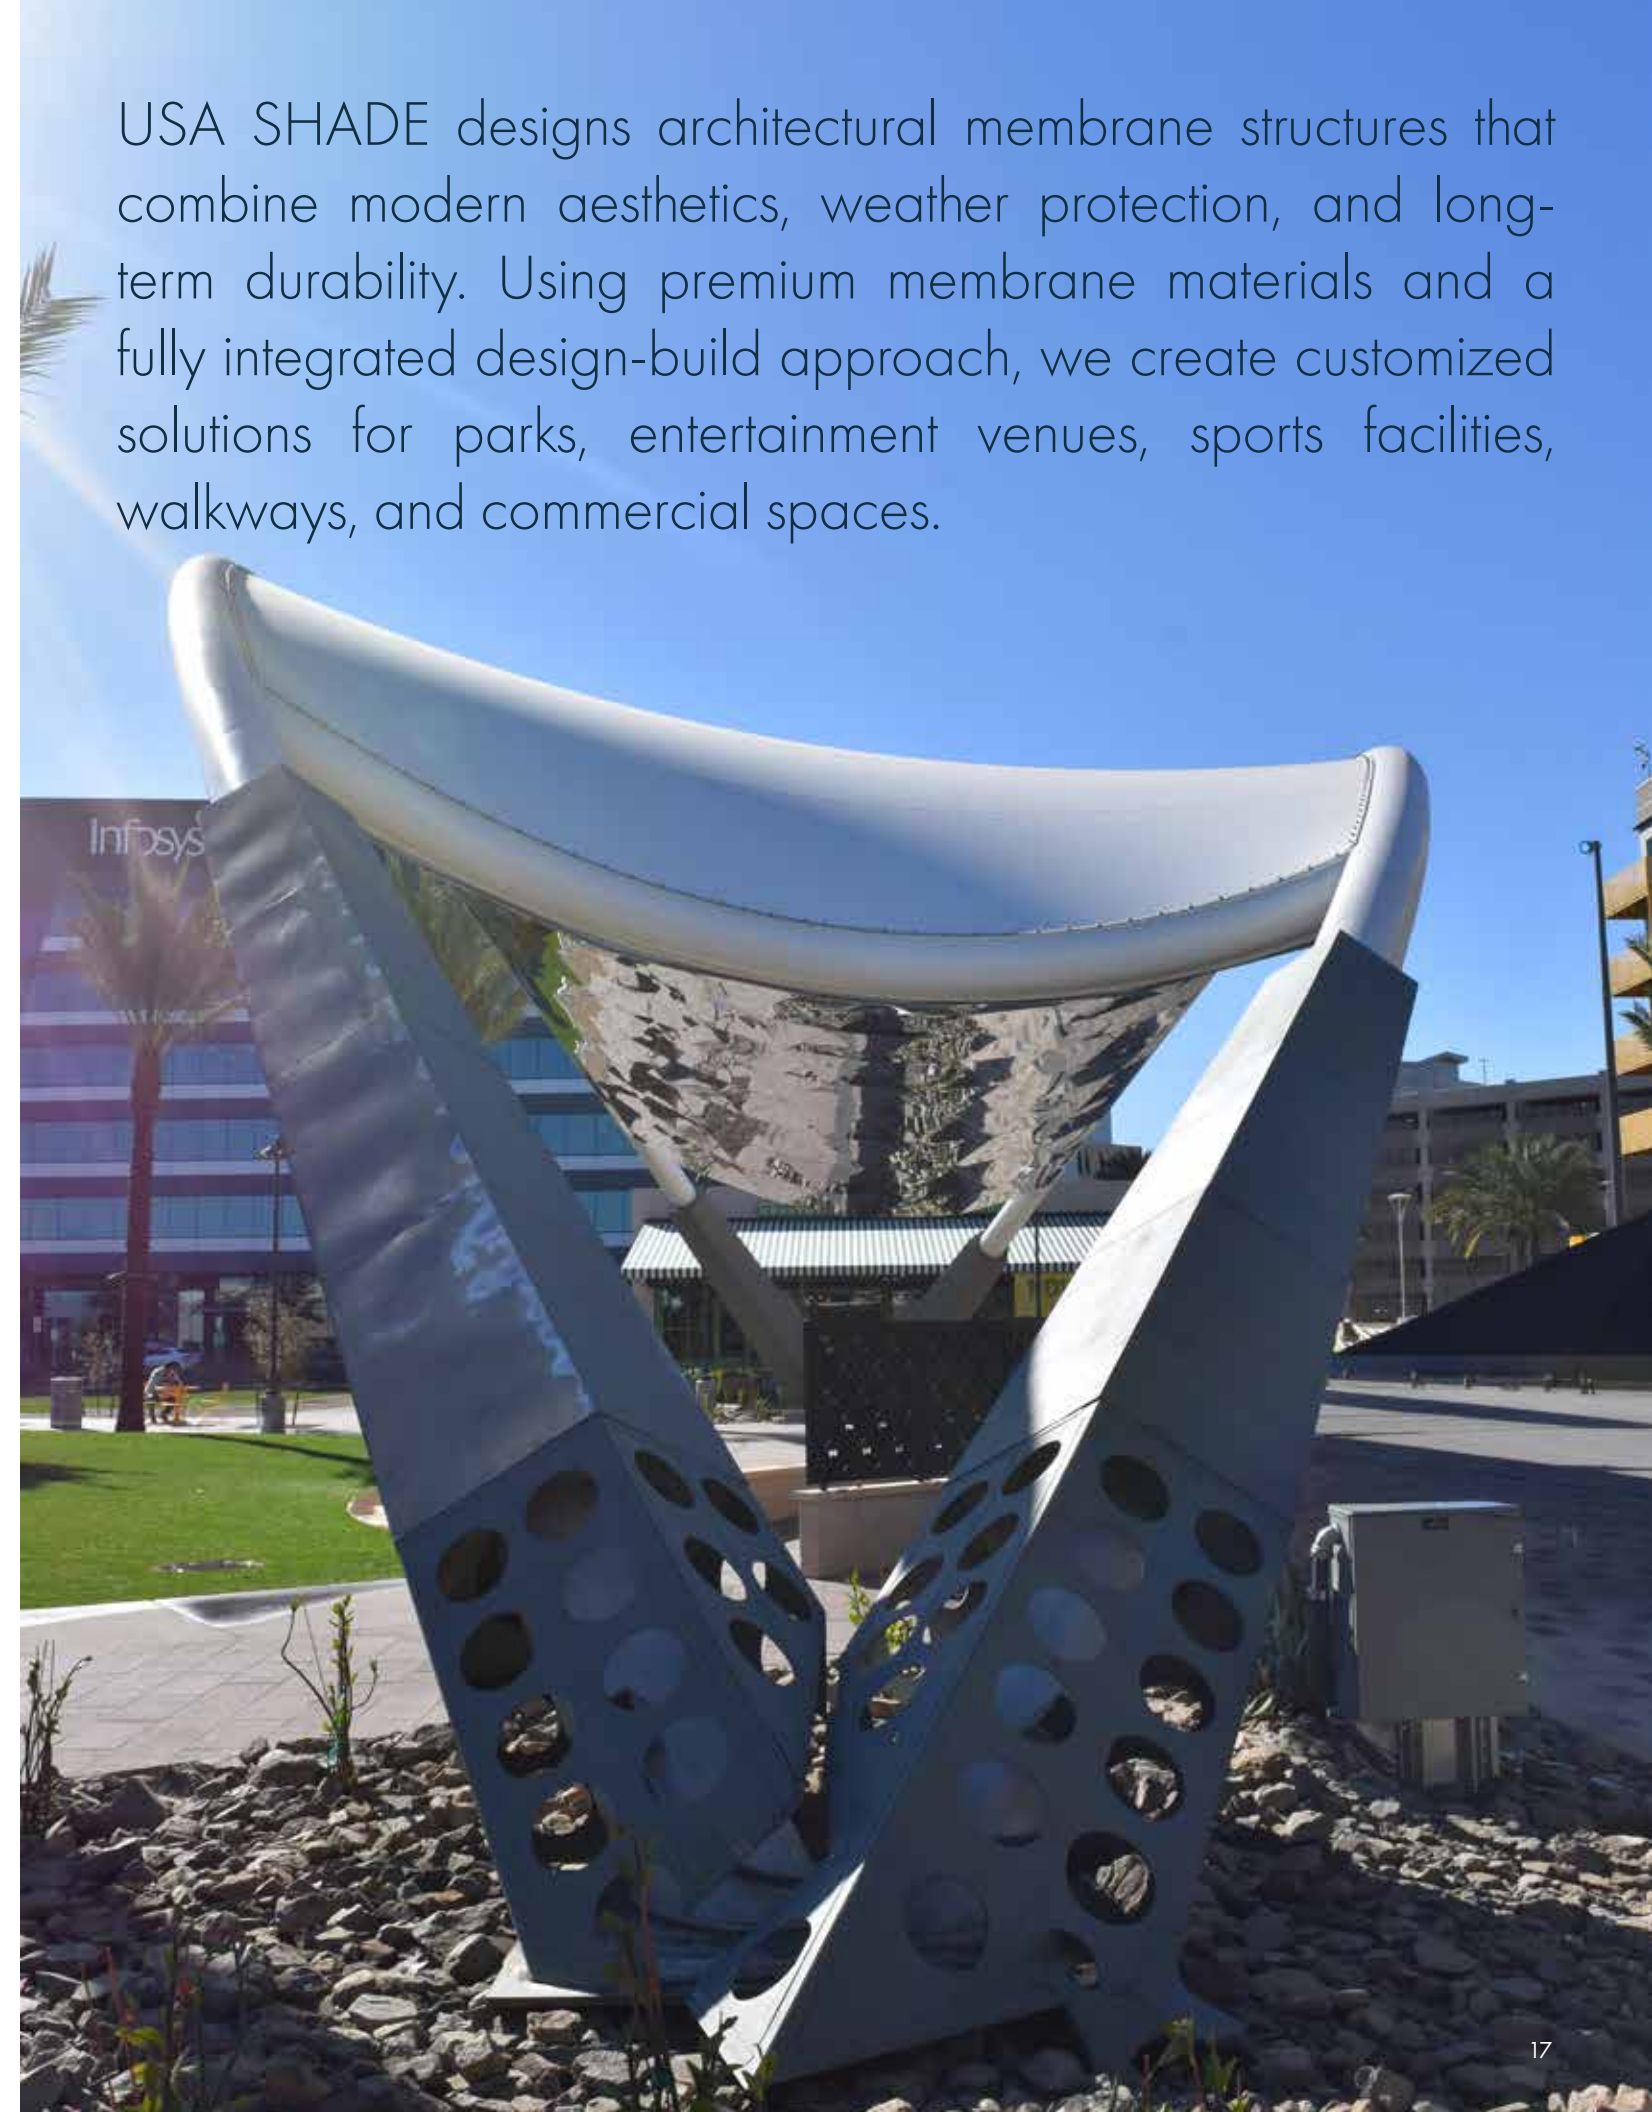

KEY BENEFITS

- Lightweight, durable structures engineered for long-term performance
- Natural daylight transmission reduces daytime lighting needs
- Reflective materials help minimize solar heat gain
- Flexible designs create iconic architectural forms
- Fast installation with lower structural support requirements
- Weather protection for year-round comfort and usability

COMMON APPLICATIONS

- Amphitheaters
- Pickleball & Sports Facilities
- Parks & Recreation Spaces
- Dining & Entertainment Areas
- Building Entrances
- Walkways & Gathering Areas
- Parking & Covered Seating Areas

USA SHADE designs architectural membrane structures that combine modern aesthetics, weather protection, and long-term durability. Using premium membrane materials and a fully integrated design-build approach, we create customized solutions for parks, entertainment venues, sports facilities, walkways, and commercial spaces.

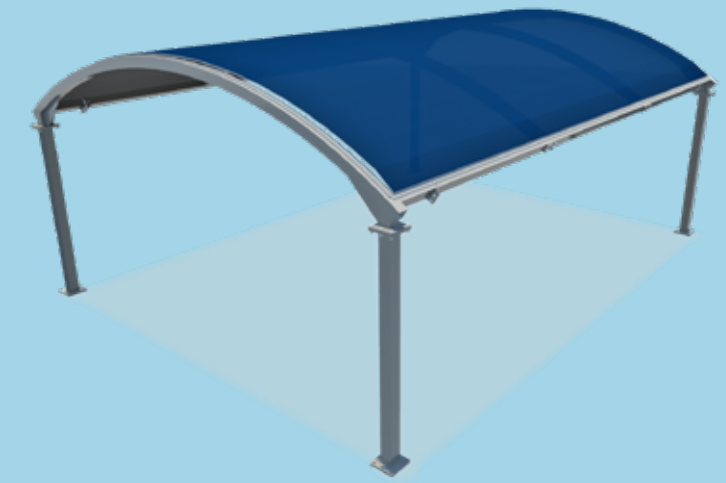

USASHADE®
Modular
Membrane
Structures

Pre-engineered structures designed to deliver modern aesthetics and reliable performance in any environment. With multiple models and configurations, these structures offer a streamlined solution for outdoor spaces that need year-round coverage without compromising on design.

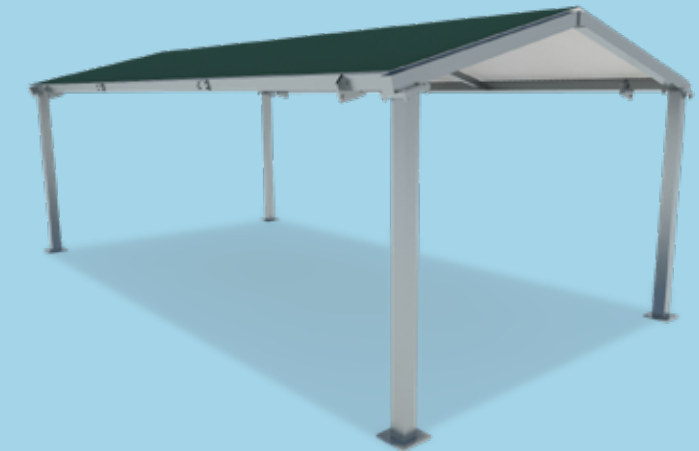

FOUR POST BARREL ARCH

Entry Height of 8, 10 and 12 feet
 20'x20', 20'x30',
 20'x40', 30'x30',
 30'x40', 40'x40'

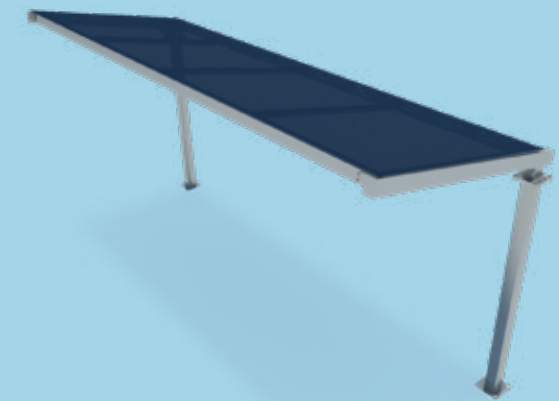

FOUR POST GABLE

Entry Height of 8, 10 and 12 feet
 20'x20', 20'x30',
 20'x40', 30'x30',
 30'x40', 40'x40'

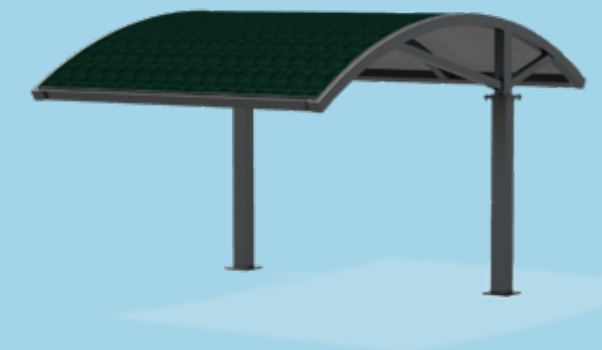

WING CANTI FRAMED

Entry Height of 8, 10 and 12 feet
 10'x 20', 10'x30',
 15'x20', 15'x30',
 20'x 20', 20'x30'

PANORAMA FRAMED

Entry Height of 8, 10 feet
 10'x 20', 10'x30',
 20'x20', 20'x30',
 30'x20', 30'x 30'

QUICK SHIP

We offer Quick Ship products, featuring a 4-week lead time from the order release date! With our carefully curated selection of quick ship units, you can confidently plan your projects, knowing that your desired products will be in your hands within a short timeframe.

QUALIFICATIONS

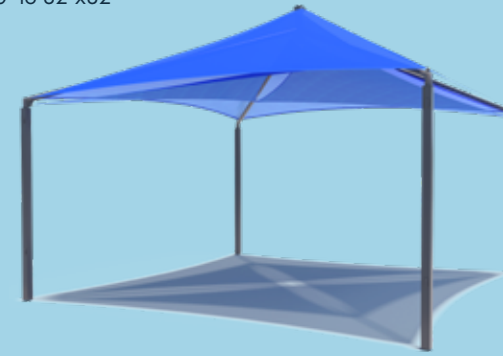

- Standard PIN and QRE connections only
- Galvanized hardware only
- No electrical or custom modifications
- Finishes can only be PC or Primer/PC, standard colors only
- Fabric can only be Shadesure or Colourshade, standard colors only

*Please specify your desired delivery date at the time of purchase

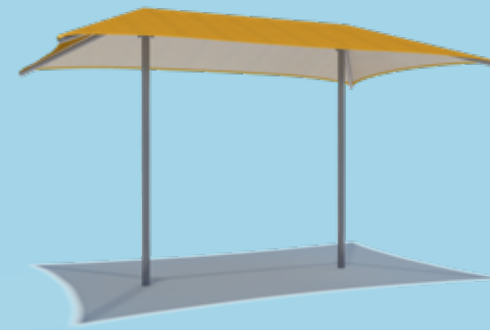

MARINER PYRAMID

Entry Height at 8 feet to 12 feet
20'x20' to 32'x32'

TWO POST-HIP

Entry Height at 8, 10, and 12 feet
10'x16' and 14'x22'

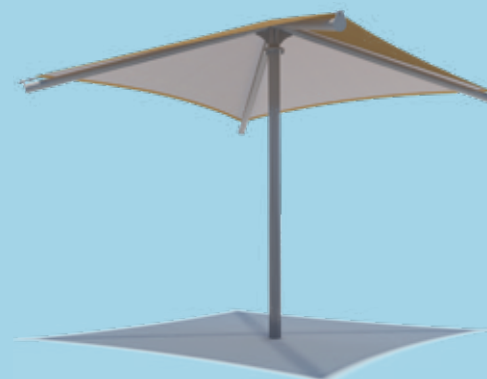

COOLBRELLA

Entry Height at 8 and 10 feet
20' Diameter

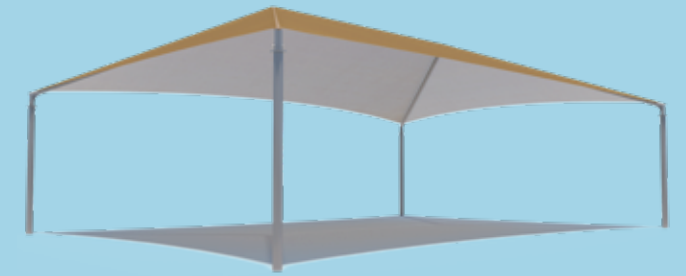

SINGLE POST PYRAMID

Entry Height at 8, 10, and 12 feet
10x10 to 14x14

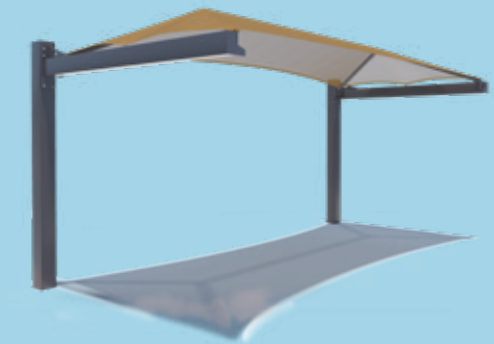

HIP

Entry Height at 8 feet to 14 feet
10'x12' to 40'x40'

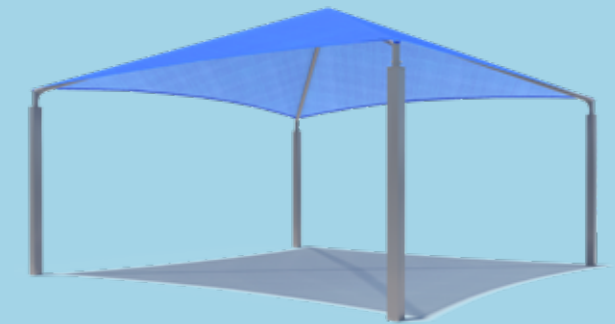

FULL HIP CANTILEVER

Entry Height at 8 feet to 10 feet
10x16 to 12x20

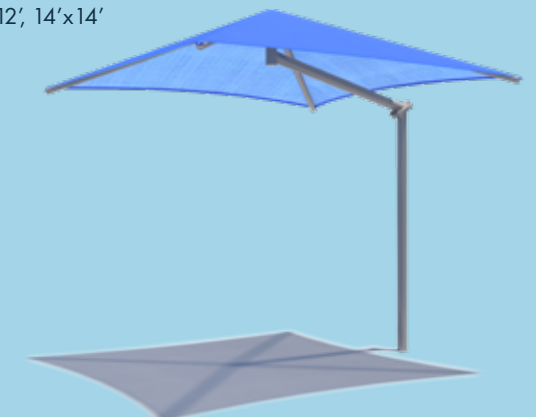

PYRAMID

Entry height at 8 feet to 10 feet
10'x10' to 35'x35'

SINGLE POST PYRAMID CANTILEVER

Entry Height at 8, 10, and 12 feet
10'x10', 12'x12', 14'x14'

MATERIALS

USA SHADE uses the best materials available including HDPE, a high-density polyethylene mesh, which can block out up to 97% of the sun's harmful UV-A and UV-B rays. We offer a variety of materials with varying degrees of UV and weather protection, fire retardant, and non-combustibility. All of our fabrics are easy to maintain, providing protective shade and vibrant color over a long period of time.

SHADESURE™ FABRIC

Our high-density polyethylene (HDPE) mesh fabric blocks up to 97% of the sun's harmful UV-A & U-VB rays, is flame retardant and fade-resistant.
